

# Coaching Staff

## Head Coach:

Mike Bose

My hockey career started when I was 2 years old with skating lessons. At the age of 7 I was enrolled in minor hockey in Semiahmoo; there was no Cloverdale Minor at that time. In 1971, the Cloverdale Arena opened and I moved from Semiahmoo to Cloverdale as a first year PeeWee player.

Starting in 1990 with a Bantam "C" team that had a very successful season, was given a chance to coach the Bantam "A" team the following season. This is when the passion was reignited, taking Cloverdale from tier 4 to tier 1 in three years, and from "AA" to "AAA".

In my 21 seasons of coaching I have coached every level, and as many as five teams in a single season. Highlights include making it to Final 4 Playoffs 4 times, and to Provincials once. Also, winning many league banners and several President's Cups. I have coached in the BCAHA U16 3 times, been a team leader in the U17, and also coached the midget Scholarship Tournament 3 times. My greatest reward from the game and my measure of success has, and always will be, by the enjoyment of the players and them achieving their goals as hockey players.

## Asst. Coach:

Ray Koevoets

I was born November 13, 1963 in Montreal where I first started to skate on the outdoor rinks. I began playing hockey when we moved to Richmond at the age of six and competed in the Richmond Minor system until 1982 on the Juvenile A team. I played with the Grandview Steelers in 1983 and went on to play with BCIT until 1986 when I graduated with an Administrative Management Business Degree. From 1987 until 2000 I managed and played on a senior mens hockey team and continued to play organized hockey until last year.

Being an Assistant Coach on the Midget A1 team this season, is a real honor, I look forward to working with the staff and having a great year. Not only will I learn more for myself to enhance my future coaching endeavors, but I will be able to pass on my passion and understanding of the game to a group of great young men.

## Asst. Coach:

Shawn McBride

Shawn McBride is a local hockey talent who grew up right here in Surrey. During his 11 years in the Surrey Minor Hockey system he was well known as a talented and competitive hockey player.

Shawn's ongoing passion with not only the game but the physical mechanics behind hockey have led him to a career in personal training. He specializes in hockey specific training and works with developing young athletes at Impact Hockey Development as an on and off ice instructor. This knowledge of fitness and his coaching experience has helped him to become a very versatile and effective coach.

Parents and fellow coaches recognize Shawn as a "players coach" for his enthusiasm and youthful approach to the game. Shawn is committed to helping his players achieve their goals in the game of hockey and in life.
